Argel L. Pion, Vice President
Fort Wayne City Plan Commission

At the regular meeting of the Common Council of the City of Fort Wayne on February 10, 1969, John H. Robinson made the following motion:

I move that we ask the local society of professional engineers to assign a task force to conduct a feasibility study and give us a report as to their conclusion about keeping the City Light Plant in operation. We need men who are trained to make such judgements as to the desirability of maintaining this plant, whether this 15,000 volt generator just approved (and not yet installed) for peaking purposes is sufficient, and various other related factors; and I believe we are entitled to have such an unbiased judgement.

Mrs. Celia Fay seconded the motion, and motion unanimously carried.

The Council then adjourned.
